(42nd Annual Conference of IAP Odisha)

Theme:

COMPREHENSIVE CHILDCARE BEYOND ANY BOUNDARY

Main Conference :

12th & 13th November 2022

Venue : Sanskruti Bhawan, Kendujhar

Organised by:

**Indian Academy of Pediatrics, Keonjhar District Branch
& IMA Keonjhar Branch**

Invitation

Dear Friends,

Greetings from team **Odisha state Pedicon 2022** from Kendujhar.

It gives us immense pleasure to invite you to the 42nd annual conference of IAP Odisha State Branch, the “Odisha State Pedicon 2022” to be held at Sanskruti Bhawan, Kendujhar on 12th and 13 th November 2022. We are planning to have some pre-Conference workshops also on 11th Novemeber 2022. Keonjhar (now officially Kendujhar) is well known for its nice climate and natural scenic beauty. The famous mythological river Baitarani takes its origin in this district from the hills of Gonasika. Shrine of Maa Tarini at Ghatgaon attracts lots of devotees not only from Odisha, but also from outside of Odisha. Keonjhar or Kendujhar, was one of the largest Gadajat states of Odisha. The name Kendujhar is derived from the presence of a spring or jhara near a Kendu tree, where the king established his palace. The spring, the tree and the palace are still there and waiting for your visit. The famous waterfalls of Khandadhar, Sana Ghagra, Bada Ghagra and Gundichaghagi are quite accessible with good roads now a days. The famous archeological site of Sitabinj, has an ancient fresco painting on a rock shelter called Ravan Chhaya is also nearby. Other famous places to visit are Murga Mahadev, Bhimakunda, Khiching, Baladev Jew temple and Sidhha Matha.

The theme of the conference is “Comprehensive childcare beyond any boundary”. We will discuss everything that comprehensive childcare requires without limiting ourselves to any particular area of pediatrics. We are going to discuss childcare in a holistic way ie primary care to tertiary care, sub specialties, surgical issues, emergencies and critical care, and last but not the least about managing our own profession, finances and own health. Research activities are also important. Also, we should not just stop at diagnosis but need to help the children and their families in the real world. We must discuss how we may do that.

The scientific committee is led by experienced pediatricians and great academicians. We are sure the scientific program will be interesting, thought provoking and useful.

You are most cordially invited to take part in this carefully cooked academic feast, in a relaxing and recreating friendly environment of Kendujhar.

Thanking you

Yours Sincerely,

Organising Team,

Odisha State Pedicon 2022

Organizing Committee Odisha State Pedicon 2022
